THE DALY CITY RECORD & Daly City SHOPPING NEWS reach 21,500 People Every Week In Daly City - Broadmoor - Colma - S. F.

PUBLISHED THURSDAY | DALY CITY, SAN MATEO COUNTY, CALIF., THURSDAY, JANUARY 20, 1949 | VOL. 45, NUMBER 51

GARDEN VILLAGE RESIDENTS PROPOSE GATE ACROSS GARDEN LANE TO PREVENT SHOPPERS FROM PARKING IN VILLAGE

A request by representatives of the Garden Village Owners Association, calling for erection of a gate across Garden Lane, was laid before the city council Monday night.

The property owners asked for permission to erect a gate across Garden Lane, where the street enters Garden Village at King's Market, to keep traffic out of Garden Village. Villagers would be given keys to the gate, but it would be closed to general traffic.

Garden Village residents claim that shoppers of the Broadmoor Shopping Center have created a traffic hazard by parking on Garden Lane and Sullivan avenue, and state that papers and rubbish dropped by shoppers constitute a health menace.

Several months ago, two groups of Garden Village residents were at loggerheads over disposition of the street in question. One group demanded that the council close and abandon Garden Lane, while the other demanded that it be kept open. The move to put a gate across the street was seen as a compromise of the two points of view.

Council members were seeking legal advice this week to determine if the street could be closed by a gate, without formal abandonment of the street.

The situation is complicated by the fact that part of Garden Lane is in Daly City, and part is in unincorporated San Mateo county. Although location of the proposed gate would be in Daly City, joint action by the county board of supervisors and the city council was believed to be necessary if any closing action should be taken.

WATER MAIN LOWERED ON BISMARK STREET

Lowering of an 8-inch main reservoir line on Bismark street between Wyandotte and Abbott streets by the water department, was completed this week. Street work in the new subdivision necessitated the lowering of the line.

MANSLAUGHTER IS VERDICT IN DEATH CAR TRIAL

Found guilty of manslaughter with gross negligence was Frank Shirado, 26, of 335 Miriam street, Daly City.

Shirado was held as the driver of a death car in which two 17-year-old Sharp Park area boys, Kenneth Peck and Harry LaFrance, were fatally injured December 3.

Evidence presented during the trial purported to show that the death crash, which also injured five other occupants of Shirado's auto, came as a result of the high speed with which the car was driven on the coast highway.

It was also disclosed that the speeding car was in chase of another vehicle occupied by four Daly City youths in the course of a juvenile gang war episode. A third car was hit by Shirado's auto as he swung over the center line of the highway on a turn.

The jury recommended that Shirado be imprisoned in the county jail. Trial was held before Superior Judge Ralph McGee of Amador county.

Colma Only Cal. City Without Property Tax

A method unique in the state is used in Colma to eliminate the necessity of property taxes.

The city is able to pay all its current expenses and come up with a surplus at the end of the year from revenue received from business and funeral licenses.

Colma charges a flat rate of $1 per funeral and charges a fairly high business tax, according to a report made at a meeting of the Bay Area council last week. The report was made at the State Board of Equalization in San Francisco.

Arson Suspected In Colma Barn Fire

Rags soaked with solvent and evidently set afire were the cause of a fire which partially destroyed an abandoned hog barn in Colma's Broadmoor residential tract last Wednesday night, according to Fire Chief Louis Nanini, head of the volunteer fire department.

Residents in the vicinity, however, were not cheerful when the fire department extinguished the blaze. Residents have for some time protested against allowing the barn to remain there.

The barn is located at Nimitz and 87th street, and is owned by Tom Callan. Loss was estimated at a few hundred dollars.

Evidence of the arson was turned over to the police officials.

PUNCH OUT POLIO

Governor Earl Warren, State Chairman of the March of Dimes, opens the campaign in the fight against infantile paralysis by greeting George Mandich, 18, (left) former Roseville High and Placer Junior College football star, and Warren Danhouser, 12, Sacramento, (right). California had nearly 5,000 more cases of the dread disease in 1948 than in 1947. Young Danhouser is improving due to treatment furnished by the National Foundation for Infantile Paralysis through funds raised in the March of Dimes drive, while Mandich, still confined to a wheel chair, is able to move one of his legs.

A BAND TRAVELS ON ITS TROUSERS; PANTS ASSURED FOR 1949 PARADES

The Daly City Band, under the veteran leadership of George Brenner, looks like it will be able to make a number of public appearances throughout the 1949 Centennial year after all. Held up by lack of uniforms, the band had cancelled entry in pageants and parades for 1949.

However, with the cost of new uniform trousers set at approximately $650, tentative agreement has been reached whereby the local Merchants Association will provide $300 and the city council will donate the balance of the necessary funds.

Winner of a score of trophies in band competition throughout the state, the Daly City band has a back-log of invitations to appear in Centennial programs throughout the year. It has been claimed that the band has brought Daly City more favorable publicity than any other organization.

Last year they won first prize in San Francisco's Saint Patrick's Day Parade, and they are expected to be strong contenders in the 1949 parade also.

Brenner, who has trained and directed the band since its inception here years ago, has put out a call to clubs and civic associations to sponsor floats which can be entered along with the band in the record number of celebrations planned throughout the state during 1949.

Local musicians who may want to audition for places in the band were advised to contact George Brenner through the Union Music Company.

CHILD IS TREATED FOR DOG BITE

Desmond Epidendio, three-year-old son of the D. B. Epidendios, 2101 Junipero Serra boulevard, received treatment at the Junipero Serra hospital on Monday afternoon for a dog bie. A small black dog entered the yard where Desmond was playing and bit the child on the foot.

HEART ATTACK PROVES FATAL TO LOCAL MAN

Joseph Verece, 627 Templeton avenue, died Sunday night after he apparently suffered a heart attack and fell down the basement stairs of his home.

His wife Augusta discovered his body on the basement floor. He was pronounced dead on arrival at the Junipero Serra hospital.

Funeral services were held Wednesday by W. C. Lasswell Co., with mass at Our Lady of Perpetual Help Church. Interment was at Holy Cross Cemetery. Born in Oahu, Territory of Hawaii, the 43-year-old man had lived in this community for two years. Surviving are his wife, two sons, Joseph and Martin, five sisters and three brothers.

IT'S A GREAT LIFE!

"Early to bed, early to rise, makes a man healthy, wealthy, and wise"; so the story goes; and, in the case of Andrew Zbihley, he could use a little of each.

On Monday evening at 8:25 p.m. Mr. Zbhiley, who gave his address as "anywhere," strolled into the police department and requested a bed for the night. Upon granting his request he was aked to park his belongings. Zbhiley replied, "Nothing." So off to bed he went. Dawn dawned and Zbhiley left for unknown parts. Ho, hum!

Is 800 Square Feet Enough For Five Room Homes Here?

The city council this week was considering an appeal by Standard Building Corporation for permission to build approximately 60 small junior five homes on Concordia Land Company properties in the vicinity of Frankfort and Lowell streets.

The city building inspector had turned down the application for the small houses, consisting of only 800 square feet of floor space. Previous council policy has called for a minimum of 1,000 square feet for new home construction.

Spokesmen for the Standard Corporation, appearing at a caucus meeting Monday night, claimed the area required lower cost housing units, and stated they could offer the home for approximately $9,500. Councilmen Melford Battye, Fred Bertetta and Paul Green, in hearing the appeal, deferred a decision until the entire council could investigate the small home program.

The builders are completing a 150-home project in Francisco Terrace, on El Camino Real north of Tanforan, in South San Francisco, with small Cape Cod type houses offered for $9,250. However, the general opinion in Daly City has been that these homes are too small for adequate living standards.

During the past several years the council has required builders to provide at least 1,000 square feet of area in new houses, and has turned down numerous application for smaller units. Action on the Standard request was promised during the next two weeks.

Woodrow PTA Plans Mardi Gras For Late February

Woodrow Wilson PTA Mardi Gras is the name which has been selected for the combined annual bazaar and rummage sale which is to be held Saturday, February 26 at the Masonic Temple, 17 Hillcrest drive.

Mesdames Emil Bertelli and Henry Adami will be chairmen. The regular bazaar will consist of an apron booth and fancy work, candy and baked goods, a necktie booth, and various entertainment booths where one may test his skill at driving nails or throwing darts.

The rummage booth will consist of only usable and wearable items. Hot dogs will be served throughout the day and evening. The amateur contest in which children from the Woodrow Wilson school will participate, will hold the first performance at 11 a. m. and again at 2 p. m. The winning contestants will perform again in the evening. A dance will climax the event. The public is invited to attend—doors open from 10 a. m. to midnight.

Inaugural Photo

This photo of President Truman, made by the U. S. Army Signal Corps, was the one selected by members of the 1949 Inaugural Committee for use on the official inaugural program.

March Of Dimes Drive Is Underway; 50% More Funds Asked For This Year

The annual March of Dimes started its yearly campaign throughout the county last Friday and will continue until the end of the month, T. J. Hallinan, president of the San Mateo chapter of the National Foundation for Infantile Paralysis, said today. He urges that all county residents give at least 50 per cent more this year.

"The record polio epidemics of last summer and soaring costs of care and treatment of patients," Hallinan said, "point to the urgent need of putting on the greatest March of Dimes drive in history. This annual appeal is the sole source of funds through which the national foundation can carry on the fight against polio."

According to Hallinan, the county had the greatest number of polio cases in its history last year. The 108 patients treated during 1948 caused Dr. Harold Chope, county health director, to designate it as an epidemic. A total of $36,000 was spent from March of Dimes funds to aid sufferers in the county during the last 12 months.

San Mateo county in taking care of its polio victims used all the local March of Dimes money available and had to call on the national foundation for additional support. At present, the local March of Dimes chapter owes San Mateo county and San Francisco's Children Hospital $8,000 for services rendered to infantile paralysis cases in 1948.

The 1949 drive, as in past years, will depend largely on the collections made through use of the familiar counter containers. Hallinan said this year it is important to remember that March of Dimes funds are available to all polio victims and that "we must prepare for any future serious emergency, such as that experienced last year, by giving generously."

PTAs WILL CONDUCT POLL IN DALY CITY

A house to house campaign to ascertain the number of children of pre-school age in Daly City and their ages will begin February 7. The campaign is being conducted by ladies of the four elementary P. T. A.s according to James Snell, superintendent of schools.

Parents will also be polled as to whether or not they are in favor of eliminating the double promotion system.

W. W. Shohl Dies

S. W. (Bud) Shohl, 55 Los Banos avenue, passed away January 17 in Austin, Texas while on a trip to the southern states.

A resident of Daly City for 8 years, Shohl was a representative of the British Import Co. of Los Angeles. He was 46.

Surviving are his his widow, Mrs. Frances Shohl, two daughters, Elaine and Shirley, and a sister, Mrs. Florence Levinson of Stockton, California.

Shohl was a member of Cincinatti Masonic Lodge, 137. Services will be read by Paul Revere Lodge, No. 452, F. & A. M. at 2 p. m. January 26. Interment will be at Woodlawn cemetery.

ANNOUNCE CHANGES IN SCHEDULING CLASSES AT GRAMMAR SCHOOLS

D. C. FIRE DEPARTMENT ANSWERS THREE CALLS

Minor fires occupied the fire department's time last week. On Sunday at 8:28 p. m. companies 1, 2 and 6 responded to a call at 103 East Vista. The chimney was afire but was easily extinguished.

Neighbors of L. J. Ferron, 1067 Hanover street, called in at 10:25 a. m. on Sunday. The roof of Ferron's house was on fire. Companies 1, 2 and 4 handled the situation.

The "chicken flew the coop" on Sunday when Companies 1, 2 and 6 responded to extinguish a fire in the chicken house at 223 Miriam street.

Several Classes At Woodrow Wilson To Move To Crocker

Certain changes in the elementary school programs will result from the pupil enrollments anticipated for the second semester which begins on Monday, January 31. Parents will be notified of the changes by a letter sent home with the pupil. Kindergarten classes previously held in the Community Center Building in Broadmoor will be combined with the kindergarten at Jefferson School under Mrs. Elizabeth Mertens, teacher. Mrs. Ardis Hyde, present kindergarten teacher, at the Broadmoor Community Center will handle a low first grade in the Center building. This grade will be composed of present high kindergarten pupils residing in the Broadmoor area.

This change, which is made as there are are not enough kindergarten pupils anticipated for the second semester to justify four kindergarten sessions in the Colma-Broadmoor area, will also assist in a re-assignment of grades in the Jefferson School so that additional double session classes in that school will not be necessary.

A second change which will occur at the Woodrow Wilson Primary School will be the removal of the low and high fifth and low sixth grades to the Crocker School and placing these pupils on a single session basis.

The low and high fifth grades at Pershing will not transfer to Crocker this year and Mr. Richard Guthrie will be transferred to Pershing from Crocker to teach these classes. These latter two changes are made to remove as many classes from double sessions as possible. The library at Pershing will be utilized for additional classroom space.

Parents of children who are to start to kindergarten or first grade during the second semester are informed that only those who are 4 years 6 months of age by February 1 may be admitted to kindergarten and only those who are 5 years 6 months of age by February 1 may be admitted to first grade. The pupils should be enrolled on Monday, January 31, at the respective schools.

FIFTY-TWO PUPILS WILL SAY GOODBYE TO GRAMMAR SCHOOL FRIDAY, JAN. 28

Fifty-two members of the eighth grade classes at Crocker, Jefferson and Woodrow Wilson Elementary schools will bid adieu to their respective grammar schools at the mid-term graduation exercises to be held at 8 p.m. January 28 in the Jefferson high school auditorium.

Theme of the graduation exercises will be "Education and Freedom." Student speakers will include Dolores Lagomarsino of Jefferson, speaking on "Our Background of Freedom; Sharon Doolen and Lola Mack, Woodrow Wilson graduates, will talk on "How Our Schools Preserve and Protect Our Freedom."

A musical program which will include "Ballad for America," "Winter Nocturne" and "Skating Song" will be climaxed by the presentation of the diplomas by Superintendent of Schools, James L. Snell.

Following is the program:

Overture, Jefferson School District orchestra; Salute to the Flag, audience and graduates, led by Erma Miller; "Star-Spangled Banner," audience and graduates.

I

Dolores Lagomarsino, Jefferson school graduate, will speak on "Our Background of Freedom; graduates will sing Sigmund Romberg's "Stout Hearted Men."

II

Prologue to Ballad for America: prelude (background), Arleen Pool; the revolution and reconstruction, Carol Clarke; westward expansion, Ann Choroski. (Crocker school graduates.)

Ballad for America, Earl Robinson, composer: verse choir solos, speaking order — Maryann Lund (C), Beverly Bendinelli (J), Paul Hopkins (WW), James Bricker (C), Gertrude Runge (C), Florence Christianson (C), Robert Montgomery (C), Jean Eliasen (C), Louis Massoni (J), Caryol Perry (W.W.), Ario Gregori (J).

III

Vocal selections by the glee clubs: "Winter Nocturne," by Paul Koepke; "Skating Song," by Charles Hunter.

Sharon Doolen and Lola Mack, Woodrow Wilson graduates, will speak on "How Our Schools Preserve and Protect Our Freedom."

Erva Winland, Woodrow Wilson graduate, will sing Victor Herbert's "Italian Street Song" and Sigmund Romberg's "The Desert Song."

The glee clubs will offer "Stars Brightly Shining," by Emil Bronte, and "Sweet Memory," by Otis Carrington.

Diplomas will be presented by James L. Snell, superintendent of schools.

Henry Carey will sing "America." Finale.

Graduating from the Crocker school will be Jack M. Allain, Lorraine C. Bergstrom, Phyllis M. Blackburn, James R. Bricker, Ann M. Choroski, Florence E. Christianson, Carol Alayne Clarke, David E. Goito, Louis Cortopassi Jr., Dorothy M. Cutshaw.

Stanley C. Davis, Teresa R. Delfino, Ronald D. Dickson, James Dowell Jr., Jean L. Eliasen, Patsy M. Kirby, Ronald J. Laureano, Maryann Lund, Florence M. Matteoda, Erma C. Miller, Robert L. Montgomery, Leonard J. Mullen, Marie Arleen Pool, Gertrude Y. Runge, Norma J. Van Der Werff.

Jefferson graduates include Rose Accinelli, Mary Louise Armanino, Beverly J. Bendinelli, Mabel Garibaldi, Robert C. Golobic, Ario M. Gregori, Dolores M. Lagomarsino, Mario B. Leveroni, Barbara A. Marshall, Eillen Joan Marshall, Louis D. Massoni, Victor L. Raggio, John A. Scocca, Janice Bodel Sproule.

Woodrow Wilson graduates are Robert Bledsoe, Donald Lee DeCoursey, Sharon Doolen, Kathryn O. Heggelund, Paul A. Hopkins, Joanne Hyder, Gary Johnson, James Jones, Richard Kempton, Lola Mack, Caryol Perry, Margie L. Watts, Erva J. Winland.

San Mateo County Tax Exemptions Are 8.6 Pct. Of Total

Exemptions from taxation in San Mateo county is 8.6 per cent of the net total property taxes for the fiscal year, according to a report just made public by the California Taxpayers Association. The total tax exemption is $16,556,984 out of the total property tax levy of $192,999,746.

Property exempt from local property taxes in the county included $768,225 covering 86 church exemptions, $175,610 for two college exemptions, $167,435 in exemptions for all welfare institutions, and $11,939,634 for 13,026 veterans examptions.

Average value of church exemptions in the county was $8933; of colleges, $87,805; of welfare institutions, $15,221 and of veterans, $917.

Visitors From Nebraska

Mr. and Mrs. Lloyd Reinecke of Schuyler, Nebraska arrived Friday to visit their son-in-law and daughter, Mr. and Mrs. Peter Markovich, and small grandson of 306a Knowles avenue.

Mr. Reinecke is attending an automobile dealers' convention here. They will be here approximately three weeks.

Jeff High Senior Class Will Present Three Act Comedy

"Big Hearted Herbert," a three-act comedy, will be presented by the June Senior Class on February 25, in the high school auditorium and will be directed by Miss Eunice Seatón.

The comedy is a laugh-filled story about a self-made business man who insists that his family must be brought up in the plain tradition of the Victorian period. His family finally turns his plainness against him and he has to change his stubborn mind.

Bunnie Pilloud has been chosen for student director and members of the cast include Paul Willbanks, Claire Allen, Brad Holliday, Jane Bernath, Don Mohrweiss, Jean McAvoy, Joan Hopman, Jim Harrison, Nancy Schreiber, and Jim Watso.

Wintertime Fire

The telltale signs of fire in wintertime are clearly evident here as ice formations are made by the fireman's hose on this burning store in Minneapolis, Minn. He is putting out the dying embers of the blaze.

JEFFERSON HIGH WILL GRADUATE THIRTY-ONE STUDENTS NEXT THURSDAY

Graduation diplomas will be given out to 31 seniors at the commencement exercises of the Jefferson Union high school scheduled for 8 p.m. January 27.

Following the Aurora Overture, given by Paul Yoder, and the Star-Spangled Banner by the high school band, Rev. William Harberts will give the invocation.

The remainder of the program is as follows:

Salutatory, Lloyd Sinclair.

Choral selections by the Jefferson Union high school chorus: Jealousy, by Gade; Begin the Beguine, by Cole Porter; Riff Song, by Romberg.

Address of Student Body President Ray Settrini.

Address of Class President Reinhold Peterson.

Vocal solo — You'll Never Walk Alone — by Virginia Marsh.

Valedictory by Edward Butenhof.

African Overture by Jefferson Union high school band.

Awarding of honors by Stanford Hannah, district superintendent.

Vocal solo—Old Man River—by John Hill.

Presentation of the class.

Conferring of diplomas.

Benediction by Rev. James McElligott.

Retiring march of the graduates.

March of the Priests by Mendelssohn.

Members of Chapter 194, California Scholastic Federation, will serve as ushers.

Graduating will be David Arteseros, Edwin Butenhof, Aldo Canepa, Ralph Daniels, Ruth Davidson, Jack Dederman, Robert Gibson, Bette Nichols, John Hill, Marie Horkey, Ray Lagomarsino, Phyllis Lane, Virginia Marsh, Richard Morehead, Robert Moran, Jack Orovitz, Rico Ottonello, Thomas Pagni, Reinhold Peterson, Jeanne 'e Ramer, Ellen Reardon, Richard Ryan, Alfred Salogga, Raymond Settrini, James Silacci, Lloyd Sinclair, Constantine Stamos, Mario Stanghellini, Donald Webb, Franklin Whorley, Barbara Winter.

Ship Ahoy, Sailor! Recruiting Bus Here This Week

Anchors aweigh, fellows, we sail at break of day — or a least in two weeks if you enlist in the U. S. Navy now and are classified as A1.

The U. S. Navy recruiting office and the Daly City Theatre are cooperating in a recruiting drive this week. The Navy recruiting bus will be open in front of the Daly City Theatre Thursday, Friday and Saturday evenings and Saturday afternoons, with Chief Petty Officers Pete Foulger and A. B. Doyle ready to take enlistments for the Navy.

The Daly City Theatre at which "S. O. S. Submarine" is now playing, will issue free passes to each recruit from now until he is inducted.

Those persons who have a high school education, a better than average scholastic record and are in A1 physical condition will be inducted within the next two weeks. All those who sign up for enlistments will be presented to the public from the stage of the Daly City Theatre, according to Dan E. Andersen, manager of the theatre.

Incidentally, Andersen, who only recently took over management of the Daly City Theatre, was formerly in the maritime service. He has had 16 years experience in the theatre business, three years of which were at the Harding Theatre and three and one-half years at the Amazon. He is married and has four children.

Those who attend the theatre better behave themselves — the new assistant manager of the theatre is George Leathurby, ex-Golden Gloves boxer and former major in the Army Air Corps. Leathurby is also married and has one child. He is now living in San Francisco but is looking for a home in Daly City.

CREDIT RESTRICTIONS

With car sales showing a definite drop, especially in the middle-price class, there is a growing demand in Congress for the easing of credit terms on such purchases.

One congressional leader, in urging 24 to 30 months for installment payments instead of 18, said that the present regulations are "forcing families to pay more than $100 a month installments to buy a medium price car."

Of course, the real trouble is that comparatively few families in the moderate income brackets are able to pay that much monthly, and the decreasing car sales testify to that fact. Lower sales set off a whole train of other results such as substantial lay-offs in auto production plants.

The credit restrictions were restored late last year as a measure to combat inflation, but right now we must watch that we don't aggravate the forces of deflation and cause a sharp drop in national production. The automotive industry was built up principally through installment sales—fitting the payments to the purchaser's pocketbook. With production costs higher than ever due to higher wages and material costs it is more than ever necessary to keep installment payments within the reach of the millions whose incomes have not kept pace with the hike in the general price level.

Congress will do well to study the effect of present credit restrictions on our economy and to act toward easing them.

ARE WE OVER-REACHING?

Advertising man Bruce Barton, who is also an author, editor and former congressman, sounds a warning on America's attempt to "play Providence" to the rest of the world.

We can't do it, he says, and yet remain strong. Mr. Barton's line of reasoning is this: In our effort to solve the problems of other nations we are dangerously neglecting the problems which confront us here at home. We are hypnotized by our own wealth and power and are being led to believe that as the "most powerful nation in the world" we can successfully take care of the whole world.

We are in danger of spreading ourselves so thin, of attempting to do so much in so many places, that we may eventually go the way of other countries such as Greece, Rome, Spain, France and England in trying to bite off more than we can chew.

Our most potent weapon against Communism is not the atomic bomb; it is our American standard of living. Destroy that standard through too much giving on the outside and too much grasping on the inside and we destroy ourselves. The Kremlin could ask for nothing better.

While we have kept our eyes abroad we have not kept pace with changes at home. We have outgrown our industrial and social plant; we are approaching a dangerous water shortage all over the country; our production of vehicles and construction of school facilities have lagged behind our population increase.

Mr. Barton's analysis is thought provoking. It reminds us that we cannot save the world if we do not save ourselves, that we cannot make others prosperous by making ourselves poor. We would do well to weigh these facts now and be guided by them.

BUDGET BILLIONS

A story out of Washington makes some interesting comparisons between the Truman budget for next year and the Coolidge budget of 20 years ago. Truman proposed an outlay of $41.9 billion; Coolidge asked for $4.4 billion — a record high for any peacetime year up to that time. Truman wants $32 billion to come from taxes; Coolidge looked for a little over $2 billion from that source. If Congress should approve the President's budget as it stands and should boost taxes to produce the $32 billion asked for, it would mean that the 1949-50 Federal expenses would be almost 10 times greater than those two decades ago and the Federal taxes would be 16 times greater. The Government's "cost of living" — or maybe we should say, the Government's cost of staying alive in the present world — has gone up.

DRAFTLESS DRAFT

The Selective Service act has proved a very useful instrument for building up manpower for the armed forces—through voluntary enlistments. When the act was revived late last year it was intended that 30,000 men would be called up each month. About one-third that number have actually been drafted. Meantime, voluntary enlistments have been averaging 35,000 monthly. Now, with the strength of the Army to be cut from 937,000 to 677,000 according to President Truman's budget allotment, the manpower problem becomes one of too many rather than too few. Two of the eight camps set up last year to handle inductions have been closed and higher recruiting standards are expected. Principal factor in the heavy enlistments has been the desire of 18-year-olds to accept one year's training rather than risk being drafted later for 21 months of service. A year ago the problem was how to get more men into the Army. Now it's how to get more out.

SLEEPY DRIVERS

Falling asleep at the wheel is the reported cause of four out of every hundred fatal driving accidents, declares the National Automobile Club. The actual rate is undoubtedly much higher, for the driver is not always alive to tell the tale. Motorists who bacome sleepy while at the wheel should pull off the road, get out and walk around a bit, open up the windows and let some fresh air into the car, or even take a nap. Continuing to drive while drowsy is asking for trouble.

NEWS FROM THE SCHOOLS

JEFFERSON

In correlation with their social studies unit, Home and Family, the low first grade dramatized the activities of different members of the family. Each member told and enacted the duties of one position. Ann Mori was the mother getting her children off to school while David Broudy was the father going to work. Parts of the children were enacted by Page Chiopella and Georgina Viola.

The cold weather gave the first grade an opportunity to have a realistic art lesson. Greg Simons, Ludwell Sibley and Jack Kelleher drew an original mural portraying a snow scene which included a snow man, boys and girls skating on a pond, and other winter things. All the children helped draw pictures which now border the room.

High second graders are being intrigued by the wonders of nature. Speciments of earth worms were brought to school to be viewed under glass. The children are realizing not all facts can be determined just through observation by the naked eye. Nature has provided for the survival of her creatures and a purpose for their existence. The children noted the bristles provided movement for the earthworm and also learned that earthworms enrich the soil.

A new pupil, Robert Feis, has entered the low third grade from Sunnyside School in San Francisco. He was formerly from Texas.

The below-freezing weather has aroused great interest among the children, and has led to the relating of many experiences new to California children. One reading group prepared an appropriate story, "A Warm Coat," which they read for the enjoyment of the class.

The fourth grade had an enjoyable music appreciation lesson. They listened to the California Standard broadcasting selections which were in connection with their unit of study "Early California." They were most interested in and are anxiously looking forward to the next broadcast.

Carol Anne Hansen has come from Pacific Palisades to join our fourth grade group.

CROCKER

Mr. Stanford Hannah, principal and superintendent of the Jefferson Union High School gave the prospective graduates a short orientation talk about high school. For several days, previous to Mr. Hannah's instructional talk the students were very excited over meeting their "new principal." Mr. Hannah again spoke to all the graduates at another meeting, and assisted them in choosing their electives and making out their programs.

The students of the fifth grade welcomed Beverly Penix from the Bayshore School.

As a completion of the social science unit, "Our American Neighbors," the L6 is working on relief and physical maps of Canada. To further culminate the unit a teaching aid in the form of a sound film, "Wings Over Brazil," was shown to the group, thereby answering for them many questions which had arisen during their study of Brazil.

The study of Latin America has been completed by the H6 group, and now a brief trip will be made by them to our northern neighbor—Canada. The present cold spell in the Bay Area helps to give atmosphere to the study of this "northern" country.

Outstanding facts, little realized, have been brought out in the unit, "Union of Soviet Socialist Republics." Russia is the largest country in the world and has a wealth of natural resources. Its problem for centuries has been to find a harbor that is open all the year round. Much of the tragic history of this Soviet republic has grown out of the dangerous policy of keeping the vast majority of its people in a state of slavery.

Hazel King And William Howard Unite In Marriage

The Grace Presbyterian church was the setting for the Saturday afternoon wedding of Miss Hazel Wenanah King, daughter of Mr. and Mrs. Gordon George King of 52 Guadalupe avenue, Daly City, and William James Howard, son of Mr. and Mrs. Frederick Howard of Burlingame. Reverend William Harberts officiated.

A simple white tailored dress and brown accessories were worn by the bride. Miss Jane Howard, maid of honor, wore a blue tailored dress and also had brown accessories. The bride's bouquet was of white roses centered with a purple orchid. Miss Howard carried a bouquet of gardenias and pink baby roses.

Performing best man duties was Robert Lewis of Burlingame. Ushers were Harry Rasmussen and Herbert Wagner.

A reception for the couple was held in San Mateo immediately following the ceremony by members of the Players' Club at San Mateo Junior College where both the bride and groom attend school.

Mrs. King wore a fuchsia dress with black accessories, while the groom's mother wore a dress of burgundy with brown accessories.

The new Mrs. Howard is a graduate of Jefferson high school and is majoring in sciences at San Mateo Junior College. She is a member of Job's Daughters. Her husband is studying aeronautical transporation at the college.

The couple will live in San Mateo.

OCEAN VIEW CHURCH MEN'S GROUP WILL HOLD DINNER MEETING

"What's Right With the Church" will be the topic of Rev. J. N. Bennett's sermon Sunday at the Ocean View Congregational Church. The service will be held at 11 a.m. as usual. Special choral music will be provided.

The Men's Fellowship group will sponsor a dinner at 7 p.m. January 28 with proceeds being used to purchase a public address system.

Nazarene Church Is Redecorated

The main auditorium of the Grace Church of the Nazarene will be the first project completed in the redecoration of the church's interior. When the auditorium is completed, the various Sunday school rooms will receive their share of cleaning and painting.

The Sunday school attendance contest with the Palo Alto Nazarene Sunday school started January 16 with the Daly City church now in the lead by a considerable margin. The Daly City church hopes to keep in the lead throughout the seven weeks of the contest. Mrs. Grace Wheeler, Sunday school superintendent, and each of the teachers are working hard toward that end.

Three class parties are scheduled for this week and will be given in the church recreational hall. One party will be held for the intermediate boys and girls at 7 p.m. Friday evening. Second graders will meet for their fun at 2 p.m. Saturday with the high school class scheduled to meet at 6:30 p.m. Saturday with their teacher, Reverend D. C. McKisson. The public is welcome to attend.

WELCOME TO DALY CITY

New Families moving into Daly City recently include:

Lawrence Convery, 357 Winchester street.

Anthony Perry, 66 Theta avenue.

George E. Smith, 274 Alexander avenue.

Melvin J. Zak, 836 Templeton avenue.

Reverend W. E. Keller, 838 Bellevue avenue.

Mrs. V. H. Irons, 149 Gambetta street.

A. Forte, 175 Irvington street.

A. Intaschi, 32 Eastlake avenue.

A. M. Foreaker, 131 Werner street.

E. E. Foss, 175 Acton street.

C. W. Keeter, 123 East Vista avenue.

Robert F. Watts, 24 E. Moltke avenue.

G. Fontana, 143 W. Citrus avenue.

Newton Orange, 7 Partridge Lane avenue.

C. Saukka, 1263 Brunswick street.

Rent Director Henry Cross Reports Sharp Public Interest In Rent Control

Quickened public interest in rent control was revealed by a sharp increase in inquiries during December at the area rent office, Rent Director Henry A. Cross reported today.

The year-end rush helped roll up a grand total of 50,000 citizens who personally visited the local offices at 180 New Montgomery street. Another 100,000 received telephone answers to their questions on rent problems, Cross said.

A feature of the year was recovery for tenants of $117,155 in rent overcharges. Bulk of this money, Cross explained, came through informal "compliance conferences" with landlords resulting in settlements totalling $63,341 paid to 896 tenants. The remaining $53,814 was obtained through Federal court judgments secured by the Housing Expediter's attorneys against 134 landlords. During December alone, $14,962 was thus refunded to local tenants, $10,614 of it by settlements and the balance through the courts. In addition, $36,477 was ordered paid into the U.S. Treasury by landlords.

Landlords, too, had their innings, as indicated by approval here of 3,147 rent increases, representing 61 per cent of the applications received. Figuring importantly in this activity was a favorable response to the newly-introduced "short form" petition on which a landlord owning not more than four rental units can file for rent increases to offset higher costs of taxes, insurance fuel, or utilities.

Looking back over 1948, Cross said a spring peak in activity occurred last April as a result of provisions of the new law just passed by Congress, continuing the 1947 law's provision for rent increases up to 15 per cent, provided landlord and tenant agreed voluntarily to incorporate these terms into a lease running through at least December 31, 1949.

New leases signed thus brought the total of leases registered with the San Francisco area rent office to 57,902. A new wave of inquiries hit the local office in December, resulting from expiration at the year's end of many of the leases signed in 1947.

Broadening of the law's eviction provisions, permitting a landlord to get possession of a house or apartment for use of a member of his immediate family, had the expected result. Not only were a good many unlawful detainer actions filed in local courts by landlords acting under this provision, but the area rent office likewise was visited by many tenants seeking information on their rights concerning eviction notices they had received.

In a number of cases where evidence strongly indicated lack of good faith behind the eviction action, the Housing Expediter exercised his power by securing Federal court injunctions or restraining orders to halt the illegal evictions.

CROCKER P.T.A. NEWS COLUMN

The film, "A Criminal Is Born," was shown to members of the Crocker P.T.A. at their meeting last Tuesday in the General Pershing school. Speakers for the meeting included J. Olson, county probation officer, who talked on juvenile delinquency, and James Snell, superintendent of schools, who spoke on the census of pre-school children soon to be taken.

Revision of the unit by-laws was discussed. They will be put up for adoption at the February meeting.

The presidents of the Crocker and Woodrow Wilson P.T.A.'s and their committees meet Wednesday at the home of Mrs. James Jordan to complete plans for the graduation exercises.

Mrs. Eve Hobbs, Founders' Day chairman, and Mrs. James Jordan will have charge of the Founders' Day meeting.

Mrs. Effie Jordan, president, and Mrs. Ellen Wallace will represent the unit at the meeting Thursday of the Seventeenth District.

122 Marriages In County During Month Of Dec.

One hundred twenty-two marriages were recorded at the county recorder's office for December 1948 as compared with 107 recorded the previous year, according to the report of County Recorder T. C. Rice.

Official papers handled in December numbered 5,147 for which a fee of $13,573 was collected. In 1947, 5,252 were handled with collections amounting to $14,106.60.

S.F. Museums Offer Diversified Shows

Advance listings released by the San Francisco Museum of Art, in the Civic Center, and M. H. de Young Memorial Museum in Golden Gate Park, cater to the diversified interests of northern and central California's art-loving populace.

"Design in the Kitchen," the first in a series of four spring shows which will explore the field of good design for household objects, furniture and interior decoration materials, is now showing at tthe Museum of Art. Showing at the same time are new paintings by Los Angeles' Tom Lewis, and photographs by Donald Ross. Other paintings will go on exhibit January 25.

At De Young Museum the first retrospective exhibition of paintings by Rinaldo Cuneo is showing. Cunéo, a San Francisco artist born on Telegraph Hill, died here in 1938. Currently showing is a special exhibit of dresses and accessories of Gold Rush Days and a modern exhibit of Trends in Textile Design."

NEW LAW GOVERNING MOTORISTS EXPLAINED

According to figures released by the California Department of Motor Vehicles, 113,843 accidents have been reported and 9,673 driver licenses were suspended from July 1 to December 24, under the new financial responsibility law, reports Walter Rector, local Farmers Insurance Group agent.

"It is apparent," added Mr. Rector, "that there are many California motorists who are not familiar with this law which provides that all motorists, regardless of who is at fault in an accident causing injuries, death, or damage to property in excess of $100, must file a report of such accidents to the State and proof of financial responsibility up to $11,000 to cover the probable amount of damage. Failure on the part of a motorist to make such reports and to file the necessary financial responsibility in the form of a bond, or cash, or an automobile liability policy, will result in suspension of driver's license."

Jefferson School Board Meeting Date Changed

The meeting date of the Board of Trustees of the Jefferson School District has been changed from January 27 to Tuesday, January 25, according to James Snell superintendent of schools.

The meeting will be held as usual at 8 o'clock in the Administration Building, 344 Santa Barbara avenue.

New Chevrolets To Be Shown Here Saturday, Jan. 22

M. J. Soldavini, of the Belli Motor Co., has just returned from San Francisco, where he attended a dealer meeting and preview of the pacemaking new 1949 Chevrolet passenger cars.

The new cars will first be shown to the public at the Belli Motor Co. showrooms here on January 22. Plans are completed for making Chevrolet announcement day a gala affair for this area.

At the Regional Dealer Pre-Showing, the local dealer was joined by approximately 800 other Chevrolet dealers from this region. They were entertained at luncheon and witnessed a colorful pre-showing of the dramatic new Chevrolet for 1949.

Officials of the Chevrolet Motor Division explained the features of the new car, and outlined plans that have been made for announcement day and afterward.

"The new Chevrolet marks a high point in the development of modern styling and beauty," said Soldavini. "I know it is going to be accepted enthusiastically by our customers, and will continue the Chevrolet tradition of leadership in the field. We are looking forward to announcement day, because I know that prospective Chevrolet buyers will be as eager to see the new car as I was."

The Barretts Move

Mr. and Mrs. T. S. Barrett, formerly of 381 Santa Barbara avenue, have moved to Los Angeles.

For 10 years with the City Ice and Cold Storage Co., Mr. Barrett will take an engineering job in the southern city.

Don't Shoot, Podner

Texas-born Dorothy Malone, above, levels her sights for big things after being elevated to Hollywood stardom as a result of her performance in "One Sunday Afternoon." She can act, too, studio press agents say, but then you can almost tell it by lookin'.

Helpless Giraffe

How the giraffe survives in the jungle is a mystery, because he is awkward, shy and virtually helpless against powerful and swift predatory animals. His only protection derives from his dappled appearance, and an acute sense of hearing.

Woodchuck Cold-Blooded

Human beings do not sleep nearly as soundly or as long as many members of the animal kingdom. The woodchuck sleeps so soundly during his winter hibernation that only a small spark of life is kept flickering. Indeed, his temperature drops almost to freezing, and in very cold weather ice crystals may even form in his blood.

Planting Spinach

Spinach may be planted as late as September 1. The ground should always be fertilized before a new crop is planted.

Go East Young Man—If You Want To Fly A Kite

Yes, the wind is blowing.

Yes, the time for kite-flying is near.

But, for the love of Mike, don't fly your kites in the streets—they'll probably become entangled in electric or telephone wires.

This was the advice of city officials as kids began rigging up airborne planes for kite season.

It was pointed out that the best place for kites is in the hills east of the city, where prevailing winds blow stronger and where there are no utility wires in the way.

Eagles Auxiliary Initiate Seven

Seven new members were recently initiated by the Ladies Auxiliary, Colma - Vista Grande Aerie 1848, Fraternal Order of Eagles. They were Dorothy Carrington, Edrie M. Summers Sr., Rosyln Green, Edrie M. Summers Jr., Edna Mona, Aileen M. Selmi, and Esther K. Royer.

The group has two social affairs planned for the near future. One is a home cooked and baked food sale which will be held at the Sprouse-Reitz store on January 28. On February 19 a box lunch social will be held.

In charge of refreshments for the month is Mrs. Agatha Heyden. Assisting her will be Mary Jane Johnson, Tillie Martin, Tiny Balletto, and Mrs. Almquist.

Judy Ann Is Name Of First Child For The John Schauers

Judy Ann Schauer is the name chosen for the new addition to the John Schauer Jr. family of 582 San Diego avenue. The little girl arrived January 13 at the Children's hospital weighing in at 7 pounds 11 ounces.

She is the Schauer's first child and is also the first grandchild of Mr. and Mrs. John Schauer Sr., 8 Woodrow street, and Mr. and Mrs. William C. Fasshauer, 401 Vista Grande avenue.

Casaba Artist

Maybe she's just a girl, but this shapely lassie can play basketball with the best of them. She is Myrtle Wallace, member of the Famous Red-heads, girls basketball team which will meet a male faculty squad from Jefferson high school at the Indian gymnasium here on Friday night, January 28.

DALY CITY THIEF LIKES HIS LIQUOR

The New Daly City Market at 398 Templeton avenue, Daly City, was minus $50 in cash and some liquor on Monday morning, January 17. Marco Raffo, owner, told police that someone had gained entrance to the store the previous evening through a storeroom skylight.

THREE ERRORS; WE'RE SORRY

This is to correct several errors made in last week's issue of the Record and to apologize for any embarrassment or inconvenience they may have caused.

The new instructor at the Jefferson Union high is Ernest Ribera (not Hiberna) and he is single (not married, as erroneously reported last week). Mr. Ribera will be teaching social studies and U.S. history. He is a former first lieutenant in the U.S. Marines. He is from San Francisco. (And he does NOT have a daughter, as also erroneously reported last week.)

Next we come to the allowance that the school board approved for protective sports equipment on January 11.

We slipped in an extra zero. It should read $1,300, NOT $13,000.

In the story on the death of Lorenzo Gotelli, we said that Mrs. Madelena DeLucchi was his daughter. Mrs. DeLucchi is actually the late Mr. Gotelli's sister. We apologize most deeply for the error.

Wash-Day Hint

Wash benches and swivel wheels eliminate much of the stooping and heavy lifting of wash baskets on laundry day.

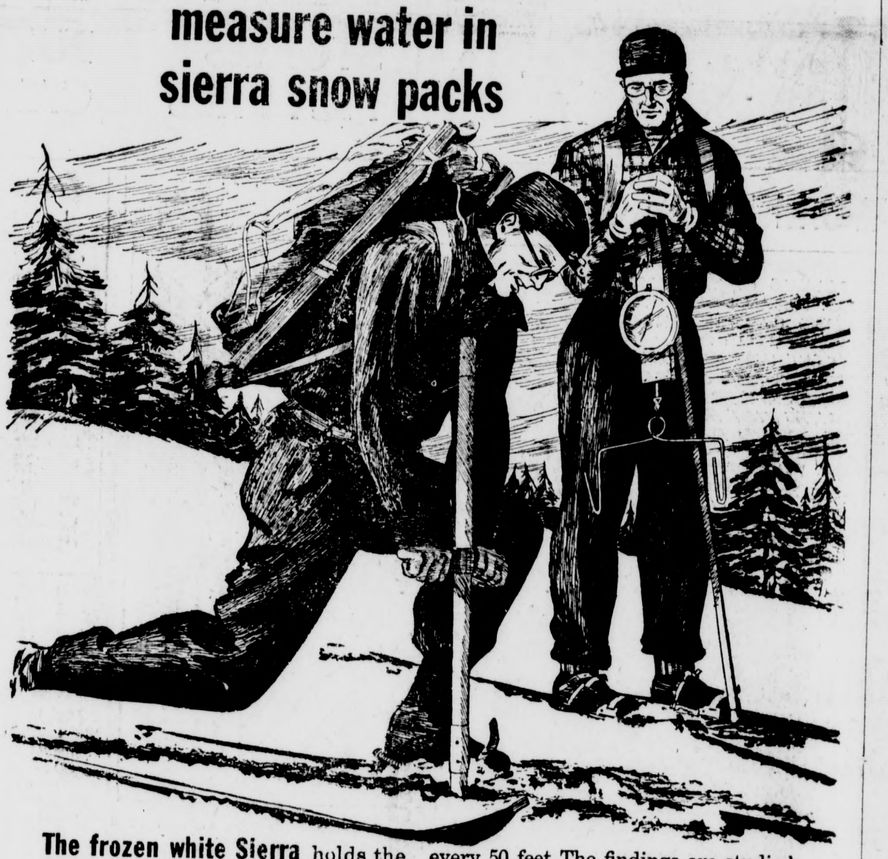
How P. G. and E. ski patrols measure water in sierra snow packs



The frozen white Sierra holds the secret of how much water and hydro-electric power California will have in the rainless summer months ahead... and P. G. and E. snow surveyors know how to dig out the answer. They ski up to 20 miles a day, "measuring" the snow every 50 feet. The findings are studied by our hydro-engineers, who can then determine—within 10%—exactly how much water will be available after the spring thaw. First step is to plunge a 20-foot aluminum tube like this deep down into the snow pack.

Weighing the sample comes next. The amount of water varies with the density of the snow... and heavy, hard-packed snow stores up a greater volume of water than loosely-packed drifts.

This giant reservoir saves the precious water as snow melts. And then it's released as needed, creating more power for California homes and businesses and more water for farm irrigation.

For the record

By 1951, Northern and Central California will use twice the power it needed before the war.

To meet this growing demand, P. G. and E. already has added nearly 500,000 new electrical horsepower... and we are building nearly 1,500,000 more!

Work never stops on our power-building program

Royal Neighbors Sewing Club Met Last Friday Night

The sewing club of Vista Grande Camp No. 6035, Royal Neighbors of America, held their regular monthly meeting at the home of Mrs. Laurette Bertelli, 54 Bepler street, on Friday of last week. Officers elected for the year were Mrs. Nellie Allen, president; Mrs. Mae Miller and Mrs. Laura McKenzie, vice-president and secretary-treasurer, respectively.

Members in attendance were Mesdames Nellie Allen, Jerry Allen, Laurette Bertelli, Anna Romer, Rhoda Rachor, Marie Ruecher, Agnes Wood, Annie Smith, Johanna Hedvall, Grace Coolish, Merle Taylor. Mrs. Putte and Mrs. Dillaboy were special guests.

Installation of officers for Vista Grande Camp No. 6035, Royal Neighbors of America, will be held in Little Italy hall, 6229a Mission street, on Friday evening, January 2.

HOW TO FIX IT

By Tom Gregory

HERE IS A BURGLAR ALARM THAT WILL TURN ON THE LIGHTS, SOUND A GONG OR EVEN TURN ON THE RADIO WHEN A DOOR OR WINDOW IS OPENED.
A SWITCH IS INSTALLED IN THE WINDOW CASING AND THE CASING OF EACH OUTSIDE DOOR SO THAT THE CIRCUT IS CLOSED WHEN ANY ONE OF THEM IS OPENED. THE ALARM CIRCUT CONNECTED INTO THE LIGHTS BETWEEN THE WALL SWITCHES AND THE LAMPS, WORKS INDEPENDENTLY OF THE REGULAR HOUSE CIRCUT.
A MASTER SWITCH IS USED TO CUT OUT THE ALARM WHEN NOT IN USE.

World Needs One Language for All

THE PROBLEMS OF THE WORLD COULD BE MORE EASILY DEALT WITH IF THERE WAS A LANGUAGE EACH NATION COULD UNDERSTAND AND SPEAK— THE RECENT WAR CRIMINAL TRIALS, AND INTERNATIONAL CONFERENCES WERE HANDICAPPED BY THE PARTICIPANTS NOT BEING ABLE TO UNDERSTAND EACH OTHER
HOW ABOUT ENGLISH?
NON! FRANCAISE, SHE EEZ BEST
VIVA ESPANOL!
ATTEMPTS HAVE BEEN MADE TO POPULARIZE "BASIC ENGLISH" AS A WORLD LANGUAGE - OTHER LANGUAGES COULD ALSO BE MADE BASIC FOR UNIVERSAL USE, BUT PEOPLE CAN'T DECIDE WHICH ONE THEY WANT-

HOW would you like to listen all day to one man while keeping your eye on another who told him what to say? Well, that is exactly what goes on at the United Nations conferences where interpreters are the mouthpieces of the men who are trying to solve our postwar difficulties.

The big problem is the lack of a language everybody can understand at the same time. Esperanto was invented as a "universal language" but it was a failure because it added still another lingo to the hundreds of languages and dialects already in existence.

No doubt you have heard of Basic English. It was suggested a few years ago as a means of solving the language tie-up. It is the bare skeleton of the English language, the 850 words used most. A person could learn it in less than a month, and the peoples of the world then would be able to converse freely—so it was claimed.

• • •

BUT the Basic English idea has been a flop, too. Other people were not anxious to let English or any part of it, get the right of way over their own language. Other tongues spoken by millions of people—French, German, Spanish, and Italian—were mentioned as other possible basic languages.

A witty French scholar has suggested that the problem of a world language should be solved by using simplified German for everyday business, because it slips out so easily; English for merry-making and sociability, because you can soar so high in English; French for politics and international relations, because it is such a musical and polite language; and Latin for funerals, because it is a dead language.

• • •

WHEN you try to cut down a language, such as English, to 850 words while spelling and grammar vanish as school problems, meanings become very dim.

All preserves have to be called "jams," and that includes the marmalade. Also, many of our simpler words have more than one meaning. What, for example, is a "fly"? Is it an insect, something for an outfielder to chase, or part of a fisherman's tackle?

Then we have words such as actress and authoress, but no doctoress or teacheress. Why not? With the extension of women's work to almost all branches of our everyday life, except executioner, it is handy to know whether you have a he-teacher or a she-teacher, and whether the chief of the organization should be called president or presidentess.

"And please explain to me," the foreigner pleads, "what, in English, is the difference between a blackbird and a black bird, or between a lighthouse keeper and a light housekeeper?"

• • •

A GOOD many English slang expressions would have to go, too, if ever Basic English were used.

You can't call a man a "dumb bunny" when your dictionary contains only 850 words because basic words mean exactly what they say. In Basic English a "dumb bunny" is a rabbit without a voice, not a stupid person.

A Complete Angle

Uncle Harry was trying to persuade his teen-age nephew into taking a fishing trip with him. Tommy had other plans.

"Come, come, Thomas, where's your enthusiasm?" the pompous uncle demanded and waved toward a large fish that he had mounted and hung over his fireplace. "Doesn't that mean something to you?"

Thomas nodded. "Sure. The poor fish wouldn't have been hooked if he'd kept his mouth shut."

Unimpaired

Mother: Did you eat your fruit, Dick?

Dick: I prepared a pair of pears by paring them and I sort of impaired them in the paring process but I ate them down to the last "pairt."

Singular Honor

Because the government dispensed bread to Roman citizens only, it was considered an honor to be on the dole. On many Roman tombstones, relatives proudly carved these words: "Sharer in the Public Grain Dole."

ORDER TO SHOW CAUSE ON APPLICATION FOR CHANGE OF NAME

No. 47633

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO

In the Matter of the Application of GUY T. PETERS, For Change of Name.

WHEREAS PATRICIA E. EDDY has filed her petition with the Clerk of this Court for permission to change the name of her minor son from GUY T. PETERS to GUY T. EDDY;

NOW, THEREFORE, IT IS HEREBY ORDERED that all persons interested in the matter aforesaid appear at the Superior Court at the Court House in Redwood City, County of San Mateo, State of California on the 24th day of February, 1949 at the hour of ten o'clock A. M. of said day and then and there to show cause if any they may have, why said application for change of name should not be granted.

IT IS FURTHER ORDERED that a copy of this order to show cause be published in Daly City Record, a newspaper published in the County of San Mateo, State of California, for four successive weeks next preceding the date set for the hearing thereof.

Dated: January 12, 1949.

EDMUND SCOTT
Judge of the Superior Court

Chemistry Teacher Identifies Explosive

The explosive which was used in a blast at the Doelger Lumber Co. corporation yard on Junipero Serra boulevard Sunday afternoon was identified as nitrate chlorate potassium by Miss Dorothy Crowe, chemistry teacher at Jefferson high school.

The explosion was apparently set off by high school youngsters, according to Police Chief W. W. Sunderland. He said employes reported tractors, graders, and other construction equipment had been run around the yard during the week end.

Bonnie Blue Eyes

The most striking feature of young Prince Charles of Edinburgh, son of Princess Elizabeth, is his enormous blue eyes. This portrait, taken by Cecil Beaton, shows the infant prince in his crib in Buckingham Palace. He inherited his blue eyes from his mother and grandmother.

By BETTY BARCLAY

A child's good appetite is a Mother's delight but it's sometimes hard on Mother, too. Just finding a variety of dishes that are nourishing, appealing, and—need we add—economical, is no easy matter.

Cold weather creates a desire for hearty foods with savoury odors that float out from the kitchen and perk up that already awakened appetite even more!

The recipes below all cater to healthy hunger. One of these, Glazed Ham Patties, is an excellent meat dish that will do for two meals in most families (unless you decide to cut the recipe in half.) For a one-dish supper, or for a big Sunday brunch, Bacon Bran Flakes Waffles really hit the spot. And for the finish of any meal, the Baked Apples with Crumble Topping given below are "tops" for any child or grownup with a cold-weather appetite.

Glazed Ham Patties

1 pound ground smoked ham
1 pound ground fresh pork
1 cup raisin bran
¼ teaspoon salt
Dash of pepper
Dash of thyme
2 tablespoons finely chopped onion
1¼ cups milk*
½ cup brown sugar, firmly packed
½ cup corn syrup
3 tablespoons vinegar
1 teaspoon dry mustard

Combine ham, pork, raisin bran, salt, pepper, thyme, onion, and milk. Roll into balls and place in custard cups or large muffin pans. Bake in moderate oven (350° F.) 20 minutes.

Mix together in saucepan brown sugar, syrup, vinegar, and mustard. Bring to a boil and boil 1 minute. Pour 1 tablespoon of mixture over each patty and bake 20 minutes longer. Serve with remaining sauce. Makes 12 patties.

* For extra richness, use 1¼ cups undiluted evaporated milk.

Bacon Bran Flakes Waffles

1 cup sifted flour
2 teaspoons double-acting baking powder
½ teaspoon salt
2 egg yolks, well beaten
1 cup milk
3 tablespoons melted bacon fat
1 cup 40% bran flakes
¼ cup chopped cooked bacon
2 egg whites

Sift flour once, measure, add baking powder and salt, and sift again. Combine egg yolks and milk. Add to flour mixture, add bacon fat, then mix only until smooth. Add flakes and bacon and blend. Beat egg whites until they will hold up in moist peaks. Stir quickly but thoroughly into batter. Bake in hot waffle iron. Makes four 4-section waffles.

Baked Apples with Crumble Topping

3 large apples, cored and cut in halves
5 tablespoons honey
⅔ cup water
2 tablespoons butter or margarine
⅛ teaspoon salt
½ teaspoon cinnamon
⅓ cup chopped nut meats
1 cup corn flakes

Arrange apple halves in baking dish and spread each half with 1 teaspoon of the honey. Add enough water to cover bottom of baking dish (about ⅔ cup). Cover and bake in hot oven (400° F.) 20 minutes. Combine butter, remaining 4 tablespoons honey, salt, and cinnamon in saucepan and mix well. Cook and stir over low heat until mixture bubbles. Add nuts and cereal flakes and mix lightly. Spread cereal mixture over tops of apples. Return to oven and bake uncovered, 20 minutes longer, or until apples are tender. Makes 6 servings.

Heart Ailment Proves Fatal For 76-year Old Woman

Mrs. Hermina Ball, 18 Woodrow street, was found dead in her home Sunday after being reported missing since last Tuesday. The 76-year-old woman died of a heart ailment, according to coroner's officials at the W. C. Lasswell mortuary. Time of her death was established at about January 11. Mrs. Ball had lived in Daly City for 43 years.

Funeral services were held Tuesday by W. C. Lasswell Co., with interment at the Presidio National cemetery in San Francisco where her husband, the late Guilford Ball is buried. There are no known survivors.

County Health Director Harold D. Chope Speaks To County Public Health Nurses

Mrs. Frances Harrison, coastal school nurse, presided at the first meeting this year of the San Mateo County Public Health Nurses, Unit 11, of the California State Organiation for Public Health Nursing. Other new leaders include Sylvia Eastham, of Daly City, vice president; Monica Finn, secretary, and Ann Parker, treasurer.

Dr. Harold D. Chope, San Mateo county health director, outlined the place of nursing in the overall public health program. He stressed the importance of public health nursing which he described as the "backbone" of the total service. He pointed out the great population growth in this county and the increasing need and demand for adequate community health services.

Chope said that San Mateo county had a shortage of nurses rendering community nursing service. There are now about 50 compared to 80 who should be working.

Public health services are constantly widening their scope of work, with such phases as cancer control, geriatrics (the care of the aging population), cardiac or heart conservation programs, newer use of drugs, new communicable disease control measures and many others.

OFFICERS TO TRAIN

Sergeants Roland Petrocchi and Roy Beecher and Officer John Walsh, August Benassini, Dean Wood, James Welsh, Dave Johnstone, Charles Munday, will begin a training and qualifying revolver course at the San Francisco Police Range under the instruction of Emil Dutil, rangemaster. The course will start at 8:30 a.m. on Monday, January 24. Two boxes of ammunition will be furnished.

Police Officer Is Proud "Pappy"

A birthday package for Mrs. John Walsh Sr. came January 8 in the form of a 9 pound 1 ounce granddaughter.

The first child of Mr. and Mrs. Walsh Jr., the little girl has been named Susan Kay. The Walshes are at present living with the maternal grandparents, Mr. and Mrs. Remi Sanders, of 351 San Diego avenue, but will soon move to their new home at 461 San Diego avenue.

The baby, born in St. Luke's hospital, is the first grandchild of both Mr. and Mrs. John Walsh Sr. and Mr. and Mrs. Sanders. Susan Kay's daddy is an officer on the Daly City police force.

You can forget about cold weather, rain and snow when you travel in a warm, steam-heated train.

Steel rails are the smoothest, safest highway ever invented—*safe when wet.*

Next time you travel, let the engineer do the driving for a change.

JEFFERSON WINS DOUBLE-HEADER FROM LICK-WILMERDING QUINTET

Jim Silacci looked to be Jefferson's best as the Indians put the crusher on Lick-Wilmerding's varsity, 38 to 24, in the gym here last Friday afternoon.

Silacci was high-point man in the fast-moving basketball game with 12 points. He also turned in a good floor game, keeping the pressure on at all times, and fighting for the ball every minute he was in the game.

Big Ed Selsor also hit for 10 points, making most of 'em from under the bucket.

Coach Elman Rose shifted his squad around a bit trying out new combinations. The team that played most of the last quarter consisted of Olcese and Nordgren at guards, Selsor at center, and Silacci and Dederman at forward.

Jack Dederman, Jeff's All-PAL forward of last year, turned in another disappointing performance, missing several easy shots and appearing listless and flat throughout the contest. Dederman has failed to live up to expectations so far this season.

In the preliminary game Jeff 130's registered their first win of the season by defeating Lick Wilmerding 16-10 in a close battle.

Les Nicolini, 130 guard, took high scoring honors for the day with three field goals and a free throw for a total of 7 points.

The '30's looked considerably improved over their last showing, especially on defense. Jefferson used both man-for-man and a zone defense. Most of the scoring for the locals was from far out, as they did not work the ball in too well.

On several occasions, when Jeff did work the ball into the hole, Spinetti blew easy layups.

Leo Lemon looked good with his rebounding, but lost the ball frequently with erratic passing.

Moffat Mantecas Defeat Serras In A Close One

Scoring three runs in the first inning, Moffat Manteca, a powerful team operating out of San Mateo, went on to defeat Junipero Serra by a score of 4 to 3 last Sunday at Marchbank Park.

Sgt. Petrocchi of the police department won batting honors for the Serras. He garnered three hits for four times at bat.

The Serras aren't going around muttering, "We was robbed," but if they were they would have some reason to. The local nine got 11 hits to the Manteca's seven, but the meat packers' team edged them out on the scoreboard, 4 to 3. The trouble was that the Junipero Serra team had their hits scattered all over the game and the Mantecas concentrated them in the right places for runs.

Petrocchi hit a triple in the seventh to left field. Fred Lucia then hit a high fly to center field and Petrocchi scored for the first Serra run. The Serras picked up a couple of more runs in the eighth, mostly on singles.

Next Sunday Junipero Serra will play the Colma Boys' Club at Marchbank Park.

Construction Booms

The unincorporated area of San Mateo county was listed among the 25 leading construction jurisdictions in the West for the month of December with a total of $1,168,355 in permits issued during the month.

WOODROW WILSON P. T. A. NOTES

Edward Foley, representative of the Social Security Board for San Mateo county, was guest speaker at the Woodrow Wilson P.T.A. meeting held January 18 at 344 Santa Barbara avenue. Mr. Foley, who was introduced by Mrs. William Cheatham, program chairman, told the members about the benefits of social security.

Mrs. John Sorensen, Woodrow Wilson P.T.A. president, Mrs. Henry Adami, and Mrs. Al North will attend the regular meeting of the Seventeenth District to be held January 20 at the San Mateo Junior College. Dr. Bernard Overstreet, psychologist, will be the speaker.

A special business meeting for the Woodrow Wilson units has been called for February 15 and will be held at 1:30 p.m. in the sewing room, Administration building, 344 Santa Barbara avenue. A nominating committee will be elected at that time.

The annual Founders' Day program will be held at 7:30 p.m. the same evening at the Jefferson Union High School auditorium. Representing the Woodrow Wilson unit on the committee in charge of the program are Mrs. Robert Duffy and Mrs. Ted Hopman.

The Woodrow Wilson P.T.A. attendance award goes to Mr. Richard Guthrie and his pupils. The children will be awarded individually.

Mrs. Melvin Olson, room mother for the Wodrow Wilson graduating class, and her volunteer committee met Thursday evening, January 20, at 8 p.m. at 576 Bellevue avenue, with Mrs. Effie Jordan, hostess, to discuss plans for the graduation luncheon which will be held Thursday, January 27, at the Crocker school. This is to be a luncheon for the combined graduating classes of Woodrow Wilson and Crocker schools.

BOYS CLUB VS. SERRAS

The Colma Boys' Club will meet the Junipero Serra Merchants in a baseball game at 2 p.m. Sunday at Marchbank Park, according to Joe Sarto, sponsor of the boys' club.

Coached by Parker Garner, the boys are expected to prove stiff competition for the local merchants. Fresh from their victory over St. James last Sunday at Marchbank, 7 to 3, the kids will be out for another win from the merchants.

The hustling Colma nine, composed of teen-age ball players, has consistently knocked over AA ball clubs in the winter season.

Home-Baked Foods On Sale January 28th

Home-baked foods will be on sale by the Ladies Auxiliary of the Colma - Vista Grande Aerie 1848, Fraternal Order of Eagles, Friday, January 28.

The sale will be held at the Sprouse-Reitz store at 6400 Mission street from 10 a.m. to 5 p.m. Mrs. Arthur Heyden is in charge.

Also scheduled Sunday, at noon, is a game between the Daly City Blues and St. James.

Building Permits Total $26,900 In First Part Of Jan.

Building permits issued by the City of Daly City from January 1 to date totalled $26,900. Construction of a five-room frame dwelling on lot 32, Block C, Mission Street tract, was contracted by William Nadell, 972 Geneva avenue. Estimate cost of construction, $8,000.

E. Giacchini, 148 Station avenue, will build a four-car garage at the rear of 24 Werner avenue at an estimated cost of $1,000.

A five room single dwelling will be built by P. W. Rosenbaum of Rosenbaum Construction Co., 453 San Diego avenue, on Lot 6, Block 12, Hillcrest tract; cost, $7,500.

William Lagomarsino has contracted Carl F. Huber to build a five-room single family dwelling on Lot 39, Block 3, Vista Grande tract, at an estimated cost of $7,700.

Joseph V. Berolla, of 299 Frankfort street, will do alterations amounting to $800. Alterations will include raising the house and installing a concrete foundation.

The Shell Oil Co. will install a 2,000-gallon tank at Mission and Hillside boulevard to cost $1,900, and another 3,000-gallon tank at Mission and Goethe.

Visits Children In L. A.

Mrs. Frank Boskey, 180 Shakespeare street, flew to Los Angeles over the week-end to visit her son and daughter, Donald and Sharon. It was Donald's 12th birthday celebration.

From a high of 791,000 tons of sardines taken on the Pacific Coast in 1936-37 season, the 1947-48 season's catch was but 117,000 tons.

Joe Verducci Will Speak Tonight At Jefferson Basketball-Football Dinner

Joe Verducci, football coach at St. Mary's College, will be the guest speaker tonight (Thursday) at this year's Father - and - Son Night and Awards Dinner for the football teams and the lightweight basketball team of Jefferson Union high school.

About 125 persons are expected to attend the stag affair in the school cafeteria, at which awards will be presented to frosh, soph, and varisty football players, and to the 110's and 120's basketball teams.

Fathers of the players will be the guests at the dinner, which is sponsored by the Block J society.

Joe McGrath, Jefferson basketball coach, said this week that the banquet should be one of the most successful events this year.

Several male members of the faculty will attend the dinner as guests.

Another dinner for the 130's and varsity basketball teams will be held later on this year, it is expected.

Annual Ball

The Daly City Athletic Club will hold their first annual ball some time in February, according to Frank Lombardi. The ball will be held in the Colombo Hall.

JEFF LOSES TO HALF MOON BAY

Losing an early lead lost Jefferson the basketball game Tuesday night at Half Moon Bay.

Jefferson was ahead for the first few minutes of the game, but the Half Moon Bay boys got a two-point lead and held it all the way to defeat the local team, 23 to 20.

Friday night Jefferson will play Sequoia Union high school at Redwood City. This will be the last game for Jack Dederman, Jim Silacci, Ray Lagomarsino, and Aldo Canepa, who will graduate January 27.

In the preliminary, Jeff 130's were leading until the last two minutes of the game, 14 to 13, but went to pieces when Half Moon Bay took the ball and kept on scoring, to make a final win of 21 to 14.

Viking Five Loses To Fast '540' Club

The Viking basketball team dropped its first game in eleven starts last night to the "540" club in the third round of the San Francisco Recreation League in the "A" division.

The Vikings trailed by 18 points at half time and were never able to catch the fast break of the 540 club. Final score was 62 to 44.

Leon Willaford of the Vikings was high man with 17 points.

The Vikings also lost in a practice scrimmage Monday night with the Colma Boys' Club. The score was 37 to 30, with Ben Parodi of the Colma Boys Club high point man with 12 points. The game was played in the high school gym.

Mrs. Sharty In Hospital

Mrs. Mary Agnes Sharty, 469 San Diego avenue, has been ill in the Community Hospital for the past two months. She is reported better, and her sister, Mrs. Nora Cummings, expects her to return home soon.

Doings At The San Mateo JC

James Brick of San Mateo was elected president of the San Mateo ior College student body for coming spring semester at a nt election. He will take the e of Jack Grady, president, this

e junior college enjoyed its ecoming activities which ed with a parade of floats and ollege band Thursday evening, sketball game Friday evening ved by a fun-night program, to the college campuses Sat- afternoon, followed by an ni dinner and the coronation t Coyote Point and a second basketball game on the Baldwin campus. San Mateo lost one conference game to Modesto jaysee and won a league tilt the second night from Stockton.

At the coronation ball, Cecelia Porter was crowned queen of homecoming. Howard Fredric and his orchestra played for the dancing in Matson Hall.

After the alumni dinner, the former students organized an alumni association which will function in the interest of the college. Another alumni gathering is planned for the spring term.

This Friday night the college basketball team will play Menlo jaysee at San Mateo in another conference game.

Dolwig Appointed To Five Committees

Speaker Sam L. Collins announced the appointment of Assemblyman Richard J. Dolwig as vice-chairman of the important finance and insurance commitee of the lower house of the California legistlature.

Dolwig was also named to serve on the rules committee, municipal and county government, judiciary and military affairs committees.

Dolwig, a veteran of World War II, has taken a leading part in the passage of legislation to assist veterans to purchase farms and homes during previous legislative sessions.

"Because he has proven himself to be one of the most conscientious legislators — one who has a complete understanding of the problem of the veteran — ex-service men and women may be assured that Dolwig will have their interest at heart at all times," said Speaker Collins today in commenting on his appointments.

The national average of cotton production is only 260 pounds to the acre.

Third Street Span Work Under Way

Historic Third Street drawbridge over Islais Creek here is being dismantled, preparatory to construction of a new six-lane span, to be completed in about a year at a cost of $1,214,000.

The new bridge will eliminate a traffic bottleneck at this important point on the Third street arterial. During construction, traffic is being detoured over Evans avenue bridge and by way of Army street. No. 15 and No. 42 buses follow the new route.

At Blood Bank

The following residents of Daly City donated blood to the San Mateo County Blood Bank recently.

First donation — William E. Holliday, Leon A. Davis, Mrs. Eleanor M. Horst.

Fourth donation — William B. Brandt.

Sixth donation — Mrs. Olga V. Orr, Elmer R. Hanley.

Alaska is served by the Alaska Railroad, river boat services, five steamship companies and 35 airline carriers.

HI-LITES From Jefferson Union High School

by Carol Donaldson

One of the biggest events of the school year was held in the Jefferson auditorium last Friday night. It was the annual mid-term Senior Ball given in honor of the twenty-nine graduating seniors. The music for the seniors and their guests was provided by Bert Whiting and his band. To finish off the evening most of the seniors went to the Claremont Hotel.

With the start of the new term approaching rapidly attention is being spotlighted on school elections. Both class and student body elections will be held some time next week. In the student body, the offices to be filled will be: president, vice-president, secretary, treasurer, sergeant-at-arms, head yell leader, and judge. The main qualifications are that the student be either a junior or senior and have no grade lower han a "C-." A new system for the separate class elections will be used this semester. The separate homerooms will each elect a student to serve on a nominating committee.

In the line of extra-cirricular activities is a father-son banquet to be held tonight by the varsity and lightweight Block J boys. Guest speaker will be either Coach Joe Verducci of St. Mary's or Marchie Schwartz of Stanford. Blocks for the past semester in varsity and frosh-soph football and 110's and 120's basketball will be awarded. A big turnout is anticipated.

The enire student body is looking forward with anticipation to the faculty's tussel with the famed women's basketball team, the "Redheads," slated for Friday evening, January 28. Also on the agenda for the faculty members is the annual basketball game with the varsity team to be held some time before graduation.

TIRE TREADS

Hard steering may result if each of the front wheels of an automobile is equipped with tires having a different type of tread.

Dolwig Sponsors Traffic Bill

At the request of county motorists interested in promoting traffic safety, Assemblyman Richard J. Dolwig introduced a bill in the California legisiature which would make the usual traffic rules applicable to privately owned toll bridges such as the San Mateo Bridge.

"An analysis of the vehicle code," said Assemblyman Dolwig, "indicates that its provisions are not applicable to the toll bridges. The volume of traffic on these bridges is at least as great as on many public highways and is constantly increasing. Further, it was never the intention of the legislature that motorists should not be provided the same protection on bridges as on the public highways."

According to the Dolwig Bill, no vehicle shall stop, stand or be parked on a privately owned toll bridge except when necessary to avoid injury or damage to persons or property or when necessary for repair, maintenance or operation of the bridge.

"Since the need is so urgent," said Assemblyman Dolwig, "I have attached an emergency rider to the bill with the hope of having it passed by the legislature at the current January session."

WOMEN'S COUNCIL TO MEET JANUARY 27

The Women's Council of the Grace Presbyterian Church will hold the first meeting of the year Thursday, January 27. The executive board will meet prior to the regular session at 11 a.m. in the church, according to Mrs. Walter Kesler, president.

Luncheon will be served by members of Circle No. 2 with Mrs. H. G. King as chairman. The program will be presented at 1:30 p.m. after a brief business meeting. The missionary program will be presided over by Mrs. Lella Frazier.

The new year books will be presented at this meeting. Anyone interested is invited to attend.

Presbyterian Church Has Annual Election

Tom Swan, James Dowell and Jack Price were elected as elders for the Grace Presbyterian church at the annual congregational business meeting held last Wednesday. Presiding over the meeting were Reverend William Harberts, the pastor, and D. C. Wagers, chairman of the board of trustees.

Mrs. James Nagle and Mrs. Stanford Hannah were elected as members of the board of deaconesses. Ray Ward, Fred Harder and William Patton will serve on the board of trustees. Taking over the treasurer's duties will be Joseph Swan, with Mrs. Einar Hanson assisting him as financial secretary.

Besides the regular church report members from the various church organization were represented. Mrs. A. C. McFadden represented the Women's Council; Mrs. Tom Swan, the Ladies Aid Society. The circles were represented by Mesdames H. G. King, Willard Hodge, Violet Cutshaw and G. K. McKinney.

H. S. Holcomb gave the financial reports on the social welfare for home and abroad.

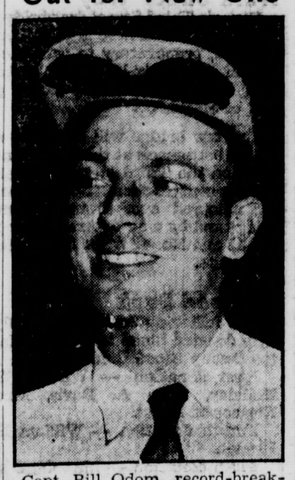
The newly elected officers were ordained and installed by the pastor at the morning service last Sunday.

Druids To Hold Monthly Whist Monday, Jan. 24

Hillcrest Circle No. 143, United Ancient Order of Druids, will hold their monthly whist at 8:30 p.m. January 24 at the Masonic Hall.

Co-chairmen of the event are Mesdames Martha Wagner, Margaret Muller, and Ann Ingersoll.

Out for New One



Capt. Bill Odom, record-breaking flyer, will attempt a nonstop flight from Honolulu to New York, 5010 miles, in a 185-horsepower, single-engine plane. If successful, he will more than double the existing distance record for light airplanes, now held by two Russians who flew 2061.7 miles in 1937.

Care of Goldfish

When goldfish are sick be sure they are not overcrowded, overfed, given improper foods or that sick fish have been mixed with healthy ones. Perhaps the water needs changing or the aquarium needs more light. A pinch of salt, either epsom or table, will benefit all fish.

Bigger Farms

While there were about 200,000 fewer farms in 1945 than in 1940, land in farms was about 88,000,000 acres greater in 1945, and harvested cropland was about 22 million acres greater in 1945.

COLMA PTA SEWING, SUNSHINE CLUB MEETS

The Sewing and Sunshine Club of the Colma P.T.A. met Tuesday afternoon at the Colma Community Club. After an afternoon of sewing for the coming P.T.A. bazaar, Mrs. Pauline Brown, hostess, served refreshments.

Those present at the meeting included Mesdames Gertrude Stanghellini, Lillian Bertucci, Virginia Lagomarsino, Irene Chessman, Hilda Dennis, Victoria Gregori, Helene Mori, Evronie Lane, Marojrie Hopper, Dorotha Stookey.

The Founder's Day meeting of the group will be held at 8 p.m. February 1 in the Colma Community Center.

SIGNAL AHEAD

The familiar highway warning sign, "signal ahead," intended to prepare drivers for proper action when the traffic signal is reached, should be adopted as a slogan by drivers who are careless about arm signals, observes the California State Automobile Association. Highway safety requires that drivers give proper arm signal well ahead of any change of pace or direction when any other vehicle may be affected by such movement.

WE TAKE A bow FOR YOUR BENEFIT

We're mighty proud of a plaque recently awarded us. It signifies that our mechanics have completed a full year of postgraduate training under the "Master Technician Service Plan."

This means a lot to us — but it means still more to you. It means that—when you bring your De Soto or Plymouth here for service — you get the expert work of specialists who really know their stuff!

Our men were good *before* they took this year of specialized training. Now they are *master technicians* in the art of servicing your car. They save you money because of the *speed* with which they diagnose your car's needs. They save you future headaches because of the *thoroughness* with which they meet these needs.

Bring your car in today. We'd like to show you the new plaque we've just won. Then we'd like to show you what we think is the finest — and fastest — service your car ever had.

2 GREAT CARS GOOD SERVICE BY MASTER TECHNICIANS KEEPS THEM GREAT

Veterans Weekly News Column

Disability compensation, pension or subsistence allowance paid by Veterans Administration to veterans or their dependents are not considered as income for income-tax purposes, VA reports.

However, income that veterans may earn on part-time jobs while attending educational institutions full-time, or earn while on-the-job training, is subject to taxation under existing tax laws.

Also subject to taxation is the earned income of veterans or their dependents drawing disability compensation or pension. Only the compensation or pension paid by VA is tax-exempt.

Question: While in training under the G.I. Bill, I was dropped from subsistence rolls because my monthly progress reports failed to reach VA in time. What should I do to be restored to the rolls?

Answer: You should check with your employer and urge that he send in reports. You will be restored to the rolls as soon as your progress report is received. The progress report must be received by VA within 60 days of the first delinquency or you will lose the subsistence for the delinquent period.

Question: Is it possible for a veteran to complete his last two grades in elementary school under the G.I. Bill?

Answer: Yes.

Question: Will VA pay the traveling costs for my son who is in a VA hospital and who intends to visit home over the holidays?

Answer: No. All travel while on leave from a VA hospital is at the expense of the veteran.

A statement concerning the projected National Service Life Insurance divided payment has been issued by Harold W. Breining, Washington, D.C., Veterans Administration assistant administrator for insurance. Mr. Breining said:

"From time to time during the past year, there have been rumors and speculation about Veterans Administration plans to pay dividends on National Service Life Insurance. There have been several guesses as to how and when these dividends will be paid, none of which had their source in the Veterans Administration.

"I am glad to have this opportunity to state officially that all veterans who have held National Service Life Insurance for any substantial period will receive dividends.

"I realize that the two questions uppermost in the minds of veterans are: How much will I get? and When will I get it?

"We'll have the answers to those questions only when we have finished the actuarial studies now in progress and the tremendous job of auditing and making computations on more than 20-million individual National Service Life Insurance accounts. It should be clearly understood that the fact the insurance may have lapsed will not affect a veterans' rights to a dividend.

"In making the actuarial studies, we are having the advice and assistance of some of the world's outstanding authorities.

"Before deciding how much dividend can be paid, we must first determine how much reserve we will need to meet our obligations to current policyholders and beneficiaries. Some six million veterans now hold policies on which they and their families depend for protection. Among the other obstacles which must be overcome in undertaking this work is a shortage of trained personnel, space, and office equipment.

"In the meantime, we ask that veterans do not write the VA about these dividends. Letters must be answered. That takes valuable time and diverts just so much effort from our main task.

"When we are ready to handle applications, nationwide publicity will be given to the manner of filing them and they will be made available through the Veterans Administration. One word of warning: Don't be misled into thinking that the dividend applications will cost you anything or that you will have to have someone present your application for you. Every veteran can make his own application quickly and easily."

No. 22 Trolley Buses In Service Now

As service on the No. 22 (Fillmore) line was switched to trolley coaches Sunday gasoline buses, which superceded the old streetcars, were transferred to the Mission lines, thus meeting the Municipal Railway's deadline for abandonment of Mission street carlines set for the same date.

Mission line No. 14 will operate between Daly City and the Ferry Building with some service as far south as Holy Cross Cemetery in Baden. No. 11 buses will operate from 24th and Hoffman streets to the Ferry Building, while basic service on Mission street will be provided by the No. 9 line operating between Crescent avenue and the Ferry Building. This route eventually will become a trolley bus line.

Puerto Rico is 95 miles long and 35 miles wide, with a coastline of approximately 311 miles.

San Francisco is the nerve center of trans-Pacific, South American and continental communications.

MANTECA NAMED

Manteca, located in San Joaquin county, is reported to have taken its name from the Spanish word for "butter" or "lard." Dairying is one of the towns major industries.

Seagulls are protected by State law in Utah.

1948 A Record Year For San Francisco

The research department of the San Francisco Chamber of Commerce has reported business in San Francisco was maintained at record-breaking levels in most fields during last year.

Building permits, with a total of $59,000,000, were up 45 per cent. Market value of Stock Exchange transactions amounted to $170,000,000.

Real estate sales, however, were down fifteen per cent from last year, for a total of $178,000,000 and exports of $235,000,000 were off twenty-seven per cent. In the employment field, 175 San Francisco industrial firms reported to the State Employment Service for trained workers. Generally, the chamber declared, manufacturing employment at the end of the year remained almost at the high September level.

WET WEATHER STARTING

Condensed moisture in the automobile distributor cap, or on the coil, spark plugs and ignition wires during wet weather may cause hard starting, advises the California State Automobile Association. If moisture is suspected, the car may be started by wiping or fanning dry the inside of the distributor cap, spark plugs and all ignition wires that may be leaking current. Permanent repairs should be made promptly to prevent recurrence of the trouble.

INTELLIGENCE

The motorist who drives at average speed in heavy traffic deserves an "above average" rating for intelligence and highway courtesy. "Take It Easy" in traffic.

LEFT TURN

Safe procedure for making a left turn in traffic is specified in the Vehicle Code. The driver of a vehicle within an intersection who intends to make a left turn must yield the right of way to an approaching vehicle which is also within the intersection, or so close as to constitute an immediate hazard. Having yielded, the left-turning driver has the right of way over all other approaching vehicles, providing he has signaled properly.

KEEP THE OIL LIGHT

Be sure to keep the oil light during the breaking-in period of the new car, advises the National Automobile Club. There probably will be a need for adding to the supply during the interval when the car is new. Engine temperatures run higher at such times and some oil will likely be lost. But don't be tempted to change grades in the interest of economy. It is wrong.

USE SOFT CLOTH AND WATER

The first requisite of safe motoring is the driver's ability to see where he is going, to see clearly and without eye-strain. Peering through a dirt-encrusted glass, which reflects light in a thousand dancing, puzzling, straining angles is not conducive to safety. No motorist should tolerate such a condition, as a soft cloth and water will eliminate it.

At Lake Charles, Louisiana, heaviest rainfall ever recorded the United States occurred on Ju 19, 1947, when 15½ inches fell six hours.

"Portals of the Past," a group scarred and smoke stained mar columns, stand on the shore Lloyd Lake, in San Francis Golden Gate Park.

HI-LITES AT C.C.S.F

By Frank Galo

Sale of the college's first yearbook, Ram Pages, began this week. The price is $2.50 with an Associated Student Card and $5 without. A mailing service of 50 cents has been established for the convenience of February graduates.

Ram Pages, designed by Stan Sadler, student artist, is to consist of more than 200 pages, containing sections of colored photographs and drawings. It will carry no advertising. All campus activities will be represented in this journal.

ALUMNI RECRUITING

The charter of the City College of San Francisco Alumni Association will be open to all graduates and former students as soon as articles of incorporation are filed in Sacramento for the organization.

Dr. Richard F. Kelley, chairman, announced that only life membership will entitle an alumnus to the distinction of charter membership.

BASKETBALL

"How good can the Ram team be?"
"Go tomorrow night and see."

After the City College cagers clash with the Stanford Braves today at Palo Alto, Ralph Hillsman's Rams return to their home court tomorrow night to entertain Menlo JC in a league contest.

Thus far the locals have won 14 games out of 14, which is a pretty fair average. Latest victims were Hartnell and Monterey.

Paced by Doug Truelsen's 15 points the Rams breezed past the Salinas boys from Hartnell JC, 53-40. The following night they played Monterey.

Knowing that Monterey had no powerful basketball team, lenient Coach Ralph Hillsman kept his first string on the bench for the entire game. No one will ever really know how powerful the Ram cagers really are, for the reserves won, 71-44. Second stringer Bob Mingee was high with 15 points. Second stringers looking like first stringers were Marty Schneider, Al Athanasopoulus, and Don Payne. The first team, that sat on the bench and did not receive any glory as usual, were Bob Metheny, Doug Truelsen, Kev Duggan, Jim Caldwell, and Bob Payne.

DIS AN' DAT

A capacity crowd will be expected in the men's gymnasium next Wednesday evening when San Jose State meets City College in a boxing match meet. The Spartans have the best boxing team on the coast. The fact that the San Jose boys were rated third in the nation in boxing circles is an indication of a big crowd.

The first bout is scheduled for 8 p.m. General admission is 60 cents while high school student body cards will buy 40 cent tickets. CCSF cards are good for free admittance. The gym is located at Ocean and Circle avenues.

A petition asking for a heating system was turned in by the men living in the West Campus dormitories.

Shakespeare's great tragic-comedy, Twelfth Night, will be presented tonight in Room 28.

For Free: The faculty versus the Sophomore Class basketball game today at the men's gym at 10:30 a.m.

More For Free Stuff: Film of the Fifth Winter Olympiad, Room 136, today at 10:30 a.m.

ALL TOO TRUE

The common expression, "my feet are killing me," has special meaning when applied to the careless pedestrian who habitually jaywalks, points out the California State Automobile Association.

Card of Thanks

I wish to thank my friends for the favors which were given me during the holiday seasons.
MRS. HENRY MEADOWS

Chevrolet's 'Balanced Design' Adds Beauty and Comfort

Progressive streamlining of the 1949 Chevrolet is in emphasis in this view of the Styleline De Luxe four-door sedan against a new Martin 202 passenger airliner. Notable in the roomier, lower cars is a balance in design that adds greater comfort and driving ease as well as smart appearance.

KEEP BOLTS TIGHT

Occasional checking of the U-bolt nuts on automobile springs to be sure they are tight is advised by the California State Automobile Association. Tightening the U-bolt nuts takes up slack between the spring leaves, thereby reducing the possibility of the leaves breaking in the center.

STAY IN GEAR

Drivers who coast down grade with gears in neutral are indulging in an extremely dangerous practice which is specifically prohibited by the Vehicle Code, the California State Automobile Association points out. A good rule to follow is to use the same gear for descending a grade as that used for climbing.

Answers to TEST YOUR I. Q.

1. In the territory of Wyoming in 1869.
2. Ares.
3. Penguins swallow stones in order to adjust their hydrostatic balance. If they lose a little natural weight, they make up for it by swallowing stones.
4. The second battle of the Philippines, November, 1944.
5. Saudi Arabia, Trans-Jordan Egypt, Syria, Lebanon, Iraq and Yemen.

Southern Farmers Plow in Winter

While the farmland of most of the nation lies under a blanket of snow, Southern farmers are plowing for the next tobacco crop. Roger Ferguson, background, watches as his son Garland guides the tractor over their 70-acre farm in Winston-Salem, N. C.

STRICTLY FRESH

RILED by the presence of too many pigeons, some Bostonians recently fed the birds whisky-soaked grain. That's one way to destroy the homing instinct.

* * *

Scientists have developed a machine which can measure how much the weight of a feather twists a steel bar. That's an unusual twist.

* * *

One man claims he predicts stock market trends by the movements of the moon. That's more than fitting, since prices these days are astronomical anyway.

* * *

A Harvard survey finds that married men have more muscles than bachelors. Probably because bachelors are seldom called upon to unscrew canning jar tops and beat rugs.

* * *

One chiropodist predicts the eventual disappearance of the human leg. And with it, Hollywood may then have to rely on acting ability.

Pago Pago, Island of Tutuila, is the capital of American Samoa.

WEIGHT EFFECTS CAR PERFORMANCE

One of the factors in car performance on a long motor trip often ignored in spite of its importance is that the average automobile carries a greater burden than it normally is called upon to bear. Forgetting this fact, many are inclined to think the performance is off sufficiently to warrant minor adjustments that still further affect the car's output of power, speed, and comfort. The weight carried makes a big difference.

MARGIN OF SAFETY

Keep a reasonable and safe distance between your car and the car ahead, urges the California State Automobile Association. Failure to do so is a violation of the Vehicle Code, which prohibits following another vehicle more closely than is prudent and reasonable, taking into consideration the elements of speed of travel, volume of traffic, and condition of the highway.

Red Bluff succeeded the town of Tehama as Tehama county seat in 1857.

PALM CANYON

Palm Canyon, located on the Agua Caliente Indian Reservation six miles south of Palm Springs, is reported by the National Automobile Club to be one of America's twelve greatest wonders. With nearby Andreas and Murray canyons, it preserves the remarkable Washington filifera palms, about 3,000 of which extend for seven miles up narrow Palm Canyon.

The average price of electricity per kilowatt-hour fell from 3.4 cents in 1902 to 2.1 cents in 1937, or about 40 per cent.

PROPER ARM SIGNAL

By knowing and giving proper arm signals, motorists can help keep themselves out of accidents. A simple matter of courtesy, arm signals do much to insure safe driving.
